

Mini Story Game 6 (Word Games)

Here are examples of mini stories that might be made from picking 8 words randomly from the bag. It doesn't matter if the story is a little bit silly!

Phase 2 (Orange) Word Example

If the following word blocks were blindly picked:

dog	ticket	rocket	I
to	hum	got	into

I never knew my dog had it in him to buy a funfair ticket, get into a taxi, and hum his favourite tune all the way there. Once he arrived, he got inside the big rocket and went crazy enjoying the ride!

Phase 3 (Purple) Words Example

If the following word blocks were blindly picked:

liquid	jacket	coat	cart
visit	park	main	hair

The following mini story might be made:

The girl took lots of liquid with her when she went to visit the main park. It was way too hot for her to wear a coat or jacket and all she wanted was to be cool and wet her hair! Too bad she bumped into the horse cart spilling all her water.

Players don't have to use all the words picked.

Phase 4 (Green) Example

If the following word blocks were blindly picked:

burnt	felt	drank	stop
spin	children	sandwich	sniff

The following mini story might be made:

The children didn't want the fun to stop. They felt excited as they drank lemonade, burnt marshmallows, ate their sandwiches. The fire burnt and they stopped to sniff the air and watch the flames.
